

PARTNER PROGRAM

Our culture is dying. People are abandoning the Faith, parishes are being closed, souls are being lost! Our society has turned its back on God and we need a New Evangelization that involves every Catholic Christian. At St. Paul Evangelization Institute we believe that we have been called by God to be at the forefront of the New Evangelization to bring about a revival in our culture. We never set out to start a movement, and yet after a few short years we are having a world-wide impact, equipping ordinary Catholics with tools and resources to become extraordinary evangelists. Thousands of people are coming to faith in Jesus and are becoming Catholic or returning to Church. And that is what it's all about. The New Evangelization is an invitation in a post-Christian culture to encounter Jesus Christ and experience a conversion to Jesus and His Church. Each one of us has a moral responsibility to be a part of this mission.

We need your help because we are not funded by any diocese or parish. We are funded entirely by generous supporters like you. We are asking you today to sow into our ministry and partner with us. As a St. Paul Evangelization Institute Sustaining Partner you know that your gifts are being used prudently by a non-profit organization to train and equip ordinary Catholics to do the extraordinary work of evangelization in communities all over the country and the world.

SAINT PAUL EVANGELIZATION INSTITUTE oversees three separate and distinct Catholic apostolates: **St. Paul Street Evangelization**, **St. Paul School of Evangelization**, and the **St. Paul Society of Evangelists**. SPEI is responsible for guiding the development of all three. SPEI was born out of St. Paul Street Evangelization (SPSE), which began in May 2012 as a grassroots, non-profit organization, dedicated to responding to the mandate of Jesus to preach the Gospel to all nations by taking the Catholic Faith to the streets. SPSE provides the tools and resources for Catholics to engage the culture in a simple, non-confrontational method of evangelization. The School of Evangelization was founded in 2018 as an answer to the great need to develop disciple-making disciples in the Catholic Church that go beyond the work of street evangelization. The school has both online and onsite components. The Society of Evangelists was also founded in 2018 as a group of Catholic laymen who intend on creating a Society of Apostolic Life with a specific focus on evangelization and healing.

Every Catholic is called to share their faith with others:

"The liberating message of the Gospel of Life has been put into your hands... Like the great Apostle Paul, you too must feel the full urgency of the task. [...] This is no time to be ashamed of the Gospel. It is the time to preach it from the rooftops!"
